SPECIALTIES ♦ Individual, pre-marital and marriage counseling, with twenty years of experience helping high achieving men and women with relationship problems, stress, anger, trust issues, sexual problems and infidelity. As a speaker to marriage and men's conferences on love and sex, my goal is to help marriages grow in grace, respect, affection and positive communication. Personal Coaching is also available by phone or Internet.

ACCOMPLISHMENTS ♦ Co-author, *"What Wives Wish their Husbands Knew about Sex"*, past Adjunct Professor at Fuller Graduate School of Psychology, Executive Coach and President of WayPoint Sailing Executive Team Building Sailboat Races, sailing corporate teams from five locations in Southern California.

PROFESSIONAL MEMBERSHIPS/AFFILIATIONS ♦ California Association of Marriage and Family Therapists.

FREE ADVICE ♦ Marital happiness requires daily investment. Husbands, remember when your wife was your girlfriend? She still is-so keep treating her like one. And wives, your husbands can always use your words of support to outweigh the inward and unspoken self-doubts of most men. Take the Couples Questionnaire on my website and bring out the best in each other again.
